### ABOUT ME

Highly motivated and detail-oriented software developer with a strong passion for technology, problem-solving, and continuous learning. Skilled in front-end and back-end development with hands-on experience in building responsive web applications and optimizing performance. Adept at working in collaborative environments, quickly adapting to new technologies, and delivering high-quality results under tight deadlines. Seeking to contribute technical expertise and creativity to innovative software projects.

### WORK EXPERIENCE

**Self-Employed / Freelancer Client** – Giza , Egypt

City: Giza | Country: Egypt

**Freelancer**

[ 15/11/2019 – 10/02/2025 ]

I. Programming & Technical Experience (Core Competency)

- Executed numerous coding projects focused on advanced skill acquisition and knowledge expansion, rather than immediate commercialization.
- Successfully utilized each completed project as a platform for in-depth skill development in :[ Html, Css, JavaScript, Python, C++ ] demonstrating a strong commitment to continuous professional growth.

II. Leadership & Remote Team Management (Organizational Skills)

- Acted as a Team Leader overseeing and managing decentralized, online work teams.
- Recruited and directed sub-leaders who were responsible for organizing and managing their own teams to handle various non-programming tasks and online operational work.
- Demonstrated proficiency in remote team coordination, delegation, and personnel management across different work streams
